

Question ID: 5b7599a6

Question

The graph shows a linear relationship between x and y . Which equation represents this relationship, where R is a positive constant?

Answer

- A. $Rx + 18y = 36$
- B. $Rx - 18y = -36$
- C. $18x + Ry = 36$
- D. $18x - Ry = -36$
