

Question ID: ece00725

Question

Connor has c dollars and Maria has m dollars. Connor has **4** times as many dollars as Maria, and together they have a total of **\$25.00**. Which system of equations represents this situation?

Answer

A. $c = 4m$

$$c + m = 25$$

B. $m = 4c$

$$c + m = 25$$

C. $c = 25m$

$$c + m = 4$$

D. $m = 25c$

$$c + m = 4$$
