Question

Charles “Teenie” Harris was a photographer for the *Pittsburgh Courier* from 1936 to 1975. During his career he took over 70,000 photographs documenting everyday life in Pittsburgh’s Black communities. The Carnegie Museum of Art maintains thousands of his photographs, carefully _____ them so that audiences can continue to view them well into the future.

Which choice completes the text with the most logical and precise word or phrase?

Answer

- A. replacing
- B. inventing
- C. preserving
- D. counting

Correct Answer: C

Rationale

Choice C is the best answer. "Preserving" means "maintaining" or "keeping in good condition," so preserving the photographs means that audiences should be able to view them for a long time.

Choice A is incorrect. "Replacing" means "putting something new in place of" the photographs. Replacing the photos will make it so that audiences can’t view them at all. Choice B is incorrect. "Inventing" means "creating a new idea, process, or thing." The museum can’t invent photographs that already exist. Choice D is incorrect. Counting the photographs will not help audiences view them well into the future.
