Question

While researching a topic, a student has taken the following notes:

- Tecozautla is a municipality in the state of Hidalgo, Mexico.
- Municipalities are governmental regions responsible for providing many public services to their residents.
- One service they provide is street lighting.
- Tecozautla covers an area of roughly 535 km².
- Hidalgo is divided into 84 municipalities.

The student wants to emphasize the size of Tecozautla. Which choice most effectively uses relevant information from the notes to accomplish this goal?

Answer

- A. The municipality of Tecozautla in Hidalgo, Mexico, covers an area of roughly 535 km².
- B. Providing street lighting is just one example of the public services that municipalities provide.
- C. Tecozautla is one of 84 governmental regions, known as municipalities, across Hidalgo.
- D. Tecozautla—a governmental region in the state of Hidalgo, Mexico—provides many public services to its residents.

Correct Answer: A

Rationale

Choice A is the best answer. The sentence emphasizes the size of Tecozautla, noting that it covers an area of roughly 535 km².

Choice B is incorrect. The sentence gives an example of a public service that municipalities provide; it doesn't emphasize the size of Tecozautla. Choice C is incorrect. While the sentence provides information about Tecozautla, it doesn't emphasize Tecozautla's size. Choice D is incorrect. While the sentence provides information about Tecozautla, it doesn't emphasize Tecozautla's size.
