Question

Ballet dancer Misty Copeland has accomplished a lot. She has appeared on Broadway, toured with Prince, and even served on the President’s Council on Sports, Fitness & Nutrition. _____ according to Copeland, nothing in her career matches the honor of being the first African American woman named principal dancer at the prestigious American Ballet Theatre.

Which choice completes the text with the most logical transition?

Answer

- A. Thus,
- B. However,
- C. For example,
- D. Second of all,

Correct Answer: B

Rationale

Choice B is the best answer. "However" logically signals that the information in this sentence—that nothing in Copeland’s career matches her accomplishment of being the first African American woman named principal dancer at the American Ballet Theatre—offers a contrast or exception to the previous information about Copeland’s accomplishments.

Choice A is incorrect because "thus" illogically signals that the information that follows is a result of the previous information about Copeland’s accomplishments. Instead, the statement that nothing in Copeland’s career matches this accomplishment offers a contrast or exception to that information. Choice C is incorrect because "for example" illogically signals that Copeland’s statement about her greatest accomplishment exemplifies the claim about her accomplishments in the previous sentence. Instead, it offers a contrast or exception to that information. Choice D is incorrect because "second of all" illogically signals that the information in this sentence is a second, separate claim from the previous sentence’s information about her accomplishments. Instead, the statement that nothing in Copeland’s career matches this accomplishment offers a contrast or exception to that information.
