Question

Ganga is a folk singing tradition that originated in the Dinaric Alps in southern Europe. Ganga singers sing different melodies at the same time. The clashing notes can echo a long way across the mountains, which is why _____

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. ganga has been used as a communication method?
- B. ganga has been used as a communication method.
- C. has ganga been used as a communication method.
- D. has ganga been used as a communication method?

Correct Answer: B

Rationale

Choice B is the best answer. The convention being tested is end-of-sentence punctuation. This choice correctly uses a period to punctuate a declarative sentence ending with a relative clause that presents an indirect question (“why ganga has been used as a communication method.”)

Choice A is incorrect. It’s unconventional to use a question mark to punctuate a declarative sentence that presents an indirect question. Choice C is incorrect. The structure requires a declarative clause at the end of the sentence, not an interrogative clause that asks a direct question, such as “has ganga been used as a communication method.” Choice D is incorrect. The structure requires a declarative clause at the end of the sentence, not an interrogative clause that asks a direct question, such as “has ganga been used as a communication method.”
