

Question ID: 16988f9c

Question

The scatterplot shows the relationship between two variables, x and y .

Which equation is the most appropriate linear model for this relationship?

Answer

- A. $y = -0.9x - 2.2$
- B. $y = -0.9x + 2.2$
- C. $y = -0.9x$
- D. $y = 0.9x + 2.2$
