

Question ID: 4830ab87

Question

The way in which individual elements are balanced within a photographic image tends to affect how viewers perceive it: symmetry tends to give the elements equal importance, asymmetry emphasizes differences, and radial balance (organizing the elements around a central point) emphasizes the center over the periphery. What a photograph conveys is therefore largely _____ how it is balanced.

Which choice completes the text with the most logical and precise word or phrase?

Answer

- A. inhibited by
- B. contingent on
- C. obligated to
- D. reserved for
