Question

While researching a topic, a student has taken the following notes:

- Mary Kang is a Korean American portrait photographer.
- She is based in New York City and in Austin, Texas.
- One of Kang’s photographs features artist Dominique Fung.
- In the portrait, Fung is seated on the floor.
- Five of Fung’s paintings are resting against the wall behind her.

The student wants to describe where Fung is in the photograph to an audience already familiar with Kang and Fung. Which choice most effectively uses relevant information from the notes to accomplish this goal?

Answer

- A. Dominique Fung is in a photograph by Mary Kang, a portrait photographer based in New York City and Austin, Texas.
- B. Mary Kang is a photographer based in both New York City and Austin, Texas.
- C. Five paintings by artist Dominique Fung can be seen in the background of Mary Kang’s photograph.
- D. In Kang’s portrait of her, Fung is seated on the floor, with five of her paintings resting against the wall behind her.

Correct Answer: D

Rationale

Choice D is the best answer. The sentence describes Fung’s location in Kang’s photograph, noting that Fung is seated on the floor. Additionally, because the sentence is intended for an audience already familiar with the artists, it omits the artists’ first names and other biographical information about them.

Choice A is incorrect. The sentence indicates that Fung appears in Kang’s photograph; it doesn’t describe Fung’s location in Kang’s photograph. Choice B is incorrect. The sentence identifies Kang and where she is based; it doesn’t describe Fung’s location in Kang’s photograph. Choice C is incorrect. The sentence describes the background of Kang’s photograph; it doesn’t describe Fung’s location in Kang’s photograph.
